## EDUCATION

### University of Waterloo

Honours Bachelor of Mathematics

Waterloo, ON

Sept. 2023 — Apr. 2028

## TECHNICAL SKILLS

**Spoken languages (native or fully proficient):** English, Ukrainian, Russian, German

**Languages and Frameworks:** JavaScript, Typescript, React, Python, C, JSON, HTML/CSS, Racket, WordPress

**Dev. Tools:** Git, Adobe PhotoShop, Illustrator, VS Code, Microsoft Office

## EXPERIENCE

### Employee

Stevenson Place

Comox, BC

Jul. 2023 — Aug. 2023

**Responsibilities:** Food serving, cleaning the hall before and after dining, front-end work with the residents.

**Achievements:** Created an adaptable webpage using HTML/CSS, JS with JSON to pull the data out of a Google Sheets Table which contained the information about layout and the food preferences of the residents in the dining hall; increased my productivity by a significant margin of about 25%. Became one of the most beloved employees by the residents.

### Associate/Cashier

Walmart Inc.

Courtenay, BC

Aug. 202 — Oct. 2022

**Responsibilities:** Managed transactions with customers using cash registers, ensuring accurate handling of cash and card payments. Applying Walmart discount codes and promotions as applicable. Provided customer service, including handling inquiries and resolving complaints to ensure a satisfactory shopping experience. Maintained a clean and orderly checkout area and reported any stock issues or discrepancies to the supervisor. Assisted in stocking shelves and ensuring product availability on the sales floor as needed.

### Math Tutor

G.P. Vanier Secondary (Independent)

Courtenay, BC

Sept. 2022 — Jun. 2023

**Responsibilities:** Provided the necessary assistance to my tutees in order to assist them with widening their math knowledge as well as increasing their class grade.

**Achievements:** Helped to raise the grade of my fellow Pre-Calc 12 classmate from 60% to 83%. Received great feedback from my tutees on my explanations of logarithms and exponents as well as the various Pre-Calc 11 concepts.

### Intern

Lita Ukr. Ltd

Novoukrainka, UA

May 2021 — Aug. 2021

**Management:** As a part of the accounting team I was responsible for putting together the spreadsheet calculations.

**Achievements:** Was one of the youngest team members with a great work ethics and left a strong impression on my team members and supervisor.

## CURRENT PROJECTS

### Founder

Journalism/media project

Dec. 2023 — Now

As of this moment I have started the development of an free online news platform where anyone would be able to upload their articles on countless topics ranging from cooking to world politics. It will be a platform akin to Twitter, where people will share their opinions on the topics they are interested in but with the ability to expand on their ideas further.

## MAJOR ACHIEVEMENTS SCHOLARSHIPS

Shevchenko Foundation (\$5,000)

2023
